

Dear Sirs,

The petitioner wishes to keep morse as a requirement for an amateur license. At the current time there is no requirement for specialized ability for any other type of amateur operation (voice, RTTY, PSK31) so at this point a specialized test for morse code operation was only required by treaty. This requirement has been removed.

I believe that given the current state of technology that any proposal requiring morse for an amatuer license is outdated. WRC has removed morse as a requirement as have many national administrations. Therefore, I believe that the US as technological leader should be quick to follow suit.

Thank you,
John H. Unrath
